+Other Liaison Reports –

Air Carrier- Allegiant Airlines

Mr. Speake stated that several residents have complained about noise at night that is due to engine run-ups. He stated that Allegiant does try to work on the engine run-ups during the day but stated that if there is a need for the aircraft early that morning they will perform them at night. Mr. Speake stated that Allegiant performs engine run-ups usually in the middle of the runway of the central part of the airport. If they move it, it may affect a larger portion of residents than is being affected now. Mr. Speake stated that if they do move the run-up operations the only place they can really move it would be on Runway 9 Center or on Taxiway Charlie. He asked that if Allegiant does decide to use Runway 9 Center let him know so that a notam maybe issued.

Mr. Whaley stated that Allegiant has added several new flights in the past couple on months.

General Aviation- Mr. Wade stated that DCA has had a quiet enrollment period. He stated that the domestic enrollment has gone down but that they will be receiving several international enrollees to the academy this year.

FAA- Mr. Stark stated that the airport should be receiving some students that will be flying from Embry Riddle that will help increase our operations.

Mr. Stark stated that the ILS for Runway 9R should be operational by this Friday.

II. OLD BUSINESS- Mr. Matthews stated that the GIS mapping system is in a test mode and that he hopes to bring it forward by next month to the committee.
